The Intelligencer.

IOST ON THE YELLOWSTONE. THIRTY-SEVEN DAYS OF PERIL.

A True Story of Thrilling Interest.

ed night after my arrival testering, was the

and striking my benumbed hands and let against the logs. It seemed the longest, most terrible night of my lite, and gld was I when the approaching dawn tabled me to commence retracing my lourney along the shore, and an open louit my first fire on the heach, and granted by the camp last occupied by my friends on the lake. I struck their trail mand by the sand symbol was the sand symbo

fitful slumber. I fell forward into the fire, and inflicted a wretched burn on my hand.
Oh! with what agony I longed for day!
A bright and glorious day succeeded the dismal night, and brought with it the conviction that I had been the victim of uncontrollable nervous excitement. I resolved beneficial to banjah it altowether; and in much better spirits than I anticipated, resumed my journey towards the lake. An-other day of unceasing toil among the tree-tops and thickets overtook me, near offer day of uncessing too mong the sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing upon a lofty headland juting into the take, and commanding a low sunset, standing and long before daylight was on my way. The hope of linding an easy pass into the laked to my frost-toring, was the lose proximity to the eminence I occursted the lose post post intrity to the eminence I occursted the lose of the range, lacked to my eager lose proximity to the eminence I occursted the lose of the range, lacked to my eager lose proximity to the eminence I occursted the lose of the range, lacked to my eager lose proximity to the eminence I occursted the lose of the derful barrier which had so long defied human power in its efforts to subdue it. out the legs and countries, making of them a fish making the found of the fish making of them a fish making the fish making of the making the fish making still seemed to hold me within its friendly now seemed tenable—down the Yellow-shadow. All the vast country within the grand enclosure of mountain and lake, searred and seamed with the grottesque ridges, rocky escarpments, undulating hillocks, and miniature lakes, and lating hillocks, and miniature lakes, and standard with the grand a day in search for a pass. Twenters with her contractions and the standard with the contraction of the standard with the stand y clothing. Of the shadow. All the vast country within a fish line, which, the grand enclosure of mountain and red tape in one of ted to the purpose, I tesque ridges, rocky escarpments, undu-

continues arm of Yellowstone remaining sunshine to obtain fire. With a lighted brand in my hand, I effected a most difficult and arduous descent of the many of my friends have misnamed insulations and there are the stronge returby and story headland to the beach and collected friend, for whose characteristic strength and warm, and there are the stronge field in the lake. The sand was soft and yielding. I kindled a fire, and removing the state of the lake. The sand was soft and yielding. I kindled a fire, and removing the state of the lake are the strength of the lake. The sand was soft and yielding. I kindled a fire, and removing the state of the lake are the strength of the lake are the strength with advice which would relate them to my belt, and wandered in specific to their had been compelled to abantals. By the most of the lake are many recovery. The as full of bitterness and sortied to realize what their were concerning my disappear to did derive no consolation and dismal train of circum-ry suggested. Weakened by a and one was missing. In gathering the wood it had become detached, and was most graveled to the strong the sandy was most graveful to my lacerated are my recovery. The as full of bitterness and sortied to realize what their were concerning my disappear to did derive no consolation and dismal train of circum-ry suggested. Weakened by a and one was missing. In gathering the wood it had become detached, and was full formed procure, I know that me ensured to the day of my mind, though unimpaired in prions needful to self-preservance condition to receive impressing the missing slipper, I knew I could not don't san within sev-larged with not don't will be thought to passing the night. The fired of the and of the each and one was Providence. The many of my friends have missing slippers from my feet, at the and of the lace of and counsel I and always cherished peculiar regard, in some unaccountable manner of authority. I seemed to be standing become and counsel I and always cherished peculiar regard, in regions needful to sell-preservain a condition to receive impresto assanity. I was constantly

Thus lived in a world of ideal and in a world of positive sufficient in the wind and no overcast cancel by cold, brought with the sand, my back to a log, and listency in the wind and no overcast cancel by cold, brought with the sand, my back to a log, and listency in the wind and no overcast cancel by cold, brought with the sand, my back to a log, and listency in the wind and no overcast cancel by cold, brought with grant in the sand, my back to a log, and listency in the wind and no overcast cancel by cold, brought with the sand in the sand, my back to a log, and listency in the sand in the sand, my back to a log, and listency in the sand, my back to the dash and not create in the sand, my back to a log, and listency in the sand, my back to the dash and surface and in the sand, my back to a log, and listency in the sand, my back to a log, and listency in the sand, my back to a log, and listency in the sand, my back to a log, and listency in the sand, my back to the dash was a wild lallaty, but had to the dash and creating of the was a wild lallaty, but had to t

t, recuperating, for the suc- in the sand some time before I came to it. sl by it, recuperating, for the suc-lated hope that my friends might faint hope that my friends might gel by their search for me until I eyloin them now forsook me alto-L made my arrangements inde-ting the sand some time before I came to it. A thorough search for food in the ground and trees revealed nothing, and no notice to apprise me of their movements could be seen. A dinner fork, which after-wards proved to be of infinite service in The faint hope that my friends might beliefly their search for me until I applie me of their movements could be seen. A dimer fork, which after good. I make my arrangements indegrated to the country of the search and held out. Lifters upon the best the best and held out. Lifters upon the best and the best th

The barn on my hip was so inflamed that leoald only sleep in a sitting posture. Seated with my back against a tree, the smoke of my fire almost enveloping me in its suffocating folds, I vainly ined, smid the din and uproar of this hornbe screade, to woo the drowsy god. My imagination was instinct with terror, at one moment it seemed as if, in the density of a theket, I could see the blazing cycs of a formidable forest monster fared upon me, preparatory to a deadly lesp, at another I snacred that I heard the writt approach of a pack of yelping wolves, many the distant brushwood, which in a few moments would tear me limb from limb. Whenever, by fatigue and weakses, my terrors yielded to drowsiness, the least noise roused me to a sense of the bldeousness of my condition. Once, in a

longer, when daylight came I selected for a landmark the lowest notch in the Madison Range. Carefully surveying the jag-ged and broken surface over which I must travel to reach it, I left the lake and pushed into the midst of its intricacies. All the day, until nearly sunset, I strug-gled over green with the theory winds.

proach! What a feeling of helpless despair came over me with the conviction that

steaming with hot springs, produced by the volcanic forces of a lormer era, lay steaming of the bottoms of my boot.

I a very good pair of my food in, fastening by the straps.

I doubt if distress and suffering can by the straps.

I doubt if distress and suffering can ever entirely obliterate all sense of natural grandeur and magnificence. Lost in the wonder and admiration inspired by the straps are farmed by the straps.

I doubt if distress and suffering can ever entirely obliterate all sense of natural grandeur and magnificence. Lost in the wonder and admiration inspired by the straps.

While I was thus considering whether to return and search for a passage, or return to the Yellowstone, I experienced form the remaining sunshine to obtain fire.

With the volcanic forces of a lormer era, lay fadious Valley, and thirty more restore me to friends who had abundance. Supposing that I should find plenty of this ties, I had left the lake with a small supply, and that was entirely spent. I looked in van for them where I then was.

While I was thus considering whether to return and search for a passage, or return to the Yellowstone, I experienced and the province of the search for a pass. Twenty the the word and the tree to the fadison Valley, and thirty more restore me to friends who had abundance. Supposing that I should find plenty of this ties, I had left the lake with a small supply, and that was entirely spent. I looked in van for them where I then was.

While I was thus considering the me into the fadison Valley, and thirty more restore to the fadison Valley, and there is the fadison Valley

"Doctor, I am rejoiced to meet you in this hour of distress, but doubt the wisdom of your counsel. I am within seventy miles of Virginia. Just look over these rocks, a few miles away, I shall find friends. My shoes are nearly worn out, my clothes are in tatters, and my strength is almost overcome. As a last trial, it seems to me I can but attempt to scale this mountain or regish in the effort if God. nountain or perish in the effort, if God wills."
"Don't think of it. Your power of er

durance will carry you through. Put your trust in Heaven. Help yourself and God will help you."

Overcome by these and other persuas-ions, and delighted with the idea of hav-ing a traveling companion, I plodded my way over the route I had come intending at a certain point to change it so as to yes both surpressed at times, during the entire journey, with the belief that my return was a fatal error, and if my deliverance had failed, should have yerished with that conviction. Early this day I deflected from my old route and took my course for the feet of the lake with the hore. for the foot of the lake, with the hope, that by constant travel, I might reach it early next day. The distance was greater than I anticipated. Nothing is more deceptive than distance in these is more deceptive than distance in these high latitudes. At the close of each of the two succeeding days, my point of destination was seemingly as far from me as at the moment I took leave of the Madison Range, and when, cold and hungry, on the atternoon of the fourth

day, This buyant condition affairs of was brought about by some prominent bears covering their shorts and turning the buils for a temporary campaign. Money was easier and this assisted the ries. The market at the close was strong and generally up to the highest point of the day. The only reaction was in Reading, Western Union and Rock Island. Cash stocks of Reading was made scarce this afternoon and 1-16 to 1-9 per cent was paid for the use of it until to-morrow. MANHOOD

Young and Rising Generation.

in a few years how often the pallid hue, the lack lustre eye and emaciated form, and the impossi bility of application to mental effort, show their baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Con sumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body, too

If the patient be a female the approach of the meases is looked for with anxiety as the first symptom in which nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on The energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain. The parent's heart bleeds in anxiety, and faucies the grave but wal

HELMBOLD'S

Extract Buchu Keeps the Bird in health and song, and prevents it from having eore feet, forms an artificial ground for the Bird to acratch and pick in. Saves time and trouble and prevents accumulation of fith and dirt.

For Weakness Arising from Excesses or Early Indiscretion,

sition to Exertion, Loss of Power, Loss of Mem ory, Difficulty of Breathing, General Weakness Horror of Disease, Weak Nerves, Tremblin Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Drynes of the Skin, Pallid Countenance and Eruption on the Face, Pain in the Back, Heaviness of the Evelids, Frequently Black Spots Flying befor the Eyes with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Rest-lessness, with Horror of Society. Nothing is more desirable to such patients than solitude, and nothing they more dread, for fear of them-selves; no repose of manner, no earnestness, no speculation, but a hurried transition from one

Veakness of the Back and Limbs, Pains in the cad, Dimness of Sight, Lose of Muschiar Pow-r, Palpitation of the Heart, Dyspepsia, Nervous Pritability, Derangement of the Digestre Func-less, General Debility, Symptoms of Consump-ion, &c.

scott the eyes, cough, and Symptoms of Consumption. YOUNG MEN
Who have injured themselves by a certain practice, indulged in when alone, a habit frequently
learned from evel companions, or at school, the
effects of which are nightly folt, even when
saleep, and, if not cured, renders marriage in
possible, and destrays both mind and body,
should apply immediately.
What a pity that a young man, the hope of his
country, the pride of his parents, should be
enatched from all prospects and enjoyments of
life by the consequences of deviating from the
path of nature, and indulging in a certain se
cret habit. Such persons must, before contemplating

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a to be viernage, the prospect hourly darkens to the viernage, the becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASES OF IMPRUDENCE. DISEASES OF IMPRUDENUE. When the misguided and imprudent votary pleasure finds that be has imbibed the seeds this painful disease it too often happens that it ill-timed sone of shame or droad of discovery ders him from applying to those, who from eation and respectability, can slone befrie him, delaying till the constitutional symptoms this horrid disease make the papearance, as an ilcerated sore throat, diseased dose, nucture pains in the head and limbs, dimeses of siglideafness, nodes on the shin-dones and arms, p BROADCLOTHS, CASSIMERES,

RALTIMORE LOCK HOSPITAL ESTABLISHED AS A REFUGE FROM QUACKERY. The Only Place where a Cure can be Obtained.

Dr. Johnson has discovered the most Certain, Speedy, and only Rifectual Remedy in the World for Weakings of Rifectual Remedy in the World for Weakings of the Biddeed or Limbs, Birtcures, Affections of the Biddeed or Limbs, Birtcures, Affections and Bindeer, Involuntary Discharges, Important Despite, Nervousness Dyspitels, Languages of the Head, Throat, Noss or Timidity, Trembling, Dimness of Sight, or Girldines, Discase of the Head, Throat, Noss or Skitt, Affections of the Liver, Lungs, Stomacho Gowden-those Territho Biosrders arising from Solitary Habits of Youth-Secret and Solitary Practices more fatal to their victims than the song of Syrens to the Mariners of Ulysee, bight ing their most brilliant hopes and anticipations rendering ma riage, &c., impossible. specially, who have become the victims of Soil-ary Vice, that drasfful and destructive habit which annually sweeps to an untimely grave housands of Young men of the most excellent altents and brilliant intellect, who might other-size have entranced listening Sonates with the hunders of eloquence, or waked to exact the hunders of eloquence, or waked to exact the lying lyre, may call with full confidence.

ORGANIC WEAKNESS
Immediately curred and full vigor restored.
This distrensing affection, which renders life miserable and marriage impossible, is the penalty paid by the violims of improper indivgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may casse. Now, who that understands the subject will presend to deay that the power of procreation is lost sooner by those falling into improper habits than by the prudent! Beadles being deprived of the piessare of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Beadless of the Standard Constitutional Debility, and Wasting of the Standard, Cough, Consumption, Decay and Destin.

DR. JOHNSON.

Dr. J. addresses all those who have injured hemselves by improper indulgence and solitary abits, which ruin both body and mind, unfatting hom for either business, study, society or mar-

IOD. &c.

MENTALLY—The fearful effects on the mind are much to be dreaded. Loss of Memory, Con haion of Ideas, Depression of Spirits, Evil Foresologies, Aversion to Society, Soli-Distrast, Love of Soliuda, Timidity, &c., are some of the evils produced.
